TO: CAMPUS COMMUNITY

FROM: Raymond P. Heath *RPH*

I am pleased to inform you that the US Team Handball Federation has chosen to move its training center from Colorado Springs to the La Salle Campus. "Team Handball USA" will begin training and living here this weekend. They will be preparing for various major international tournaments prior to the 1996 Olympic Games in Atlanta. Initially, twenty-five coaches and athletes will live in St. Denis Hall and use the Binns Fitness Center and Hayman Hall for their morning training activity. The current plan is for the team to stay at La Salle at least through August, 1994.

Team Handball USA will represent the host country for the 1996 Olympics and, therefore, it will qualify automatically for the 1996 Games. According to the International Handball Federation, the game is played by more than three million men and women throughout seventy-five nations. If you would like further information regarding this exciting sport, which originated in Europe in the late 1920's, please contact Bob Vetrone in the Sports Information/Athletic Promotions Office (Ext. 1605).

Would you please join me in welcoming the coaches and players to our campus. As their schedules allow, some of them may enroll in graduate courses and all have been encouraged to participate in other activities. While the training center is located here, the Olympic Flag will be flown on campus.

Dear Members of the University Community,

At the opening of the academic year, I called for a forum on "**Lasallian Values on Campus**" that would be a central part of the university's celebration of the inauguration of the president. That forum will take place during the week of March 15th, the week preceding the inauguration on the 21st. The forum will consist of a large number of meetings to view and discuss a videotape entitled ***Living Up To Our Name*** which will serve as a kind of "living Lasallian text" expressing values actually experienced in the daily life of our university community. The content of these discussions will inform my preparation of my remarks at the inauguration and that of Brother Luke Salm, Professor of Religious Studies at Manhattan College, who will deliver a public address on "Lasallian Values in Higher Education" on Thursday evening, March 18th.

In choosing a focus for the video—still in production at this time—abstract generalizations about Lasallian values and characteristics were avoided. Instead, a series of questions were identified allowing a wide variety of members of our community to articulate their own perceptions about La Salle University and to share what they value the most about ourselves as a community.

The purpose, then, of the video is to "evoke and provoke" both discussion and concrete response from both individuals and groups of viewers. Consequently, invitations to view and discuss the video have been sent to a wide variety of persons, offices, departments, clubs and organizations in the hope that participation in this forum will truly be campus-wide.

If you have any questions, please contact one of the group who have been planning the forum. I hope that you'll be able to take part in viewing and discussions *Living Up To Our Name* and by attending Brother Luke Salm's talk and the reception following.

Sincerely,

Joseph F. Burke, F.S.C.

Director - Student Health Services

RE: FLU OUTBREAK

As you may have heard, since the end of last week and continuing this week, Student Health Services is seeing an increasing number of student who are ill with influenza (THE FLU). Many of these students have high fevers, coughs and body aches. The treatment is primarily supportive. We recommend they stay in bed, drink plenty of fluids and take Tylenol.

We want to remind you that we continue to have a **NO NOTE POLICY** in Student Health Services. Students should not be expected to produce a "sick" note. The student is responsible for their school work and they should work out any conflicts with you. The only time Student Health Services writes excuse notes is in the event of extended confinement of more than 5 days or hospitalization.

HOPE ALL OF YOU RECEIVED A FLU SHOT!

Any questions, please call Student Health Services Ext. 1565.

Club Earth Campus Ministry Center

Box 738, 1900 W. Olney Ave., Philadelphia, Pa 19141

TO: Members of the La Salle University Community
FROM: Matt Craddock, Club Earth Coordinator
DATE: February 17, 1993

This year, as a spring break alternative, Club Earth is planning to travel to Florida in attempt to help students meet the needs of the environment beyond La Salle's campus. Given the detachment from nature we experience living in the city, we feel that working with a nationally respected conservation group in a wilderness environment will certainly be both educational and rewarding; and in turn, we will do as much as possible to share our experience and new knowledge with others as part of the purpose and mission of Club Earth.

Students will work with the Nature Conservancy, a non-profit environmental organization which helps to preserve our land and its resources. Torreya State Park, west of Tallahassee, is the proposed location of the camp site. Club Earth members hope to do their share in repairing and maintaining the environment of the State Park through such activities as planting pine trees, constructing least tern nesting platforms, stabilizing eroded areas, and much more.

Although the Nature Conservancy will let us camp for free in the park, we must provide money for food and transportation expenses. We are currently planning fund raising projects in order to cut individual costs; however, these projects are not estimated to cover the entire cost of the trip. In order to make this trip possible, we need your support. If you would like to assist us in an educationally rewarding experience, or if you have any further questions, please contact me through Campus Ministry, or Club Earth, Box 738, Campus Mail. We would sincerely appreciate any financial support that you are able to offer.

On behalf of the students participating in this experience, I thank you for any consideration you give to our requests.
